

Kanazawa University

Graduate School of Natural Science and Technology (Master's Level Section)

**“Graduate Program on Science and Engineering for Sustainable
Development : Environmental/Energy Science and Engineering
(Environmental and Energy Technologies International Course)”**

**Applicant Guidelines for International Students (October 2026)
- Japanese Government (MEXT) Scholarship Applicants-**

Application Outline for Admission

Environmental and energy engineers who can contribute to the global society are expected to be equipped with not only the advanced knowledge and skills of environmental and energy engineering but also the ability to propose and design the skills and processes that are in harmony with the regional society and the understanding of regional cultures and history. This program will train individuals who can contribute to the global society by providing education on (1) advanced knowledge and skills on environmental and energy engineering, (2) advanced communications skills for collaborating with engineers from other nations and to understand the historical and cultural background of the regional residents who will be the users of the environmental and energy technology, and (3) the leadership to propose the appropriate skills and processes for each regional circumstances surrounding the environmental problems that occur across national borders. Moreover, the program will nurture individuals who will act as a bridge with Japan at the site of research and technological development in the fields of environment and energy and who will contribute to the sustainable development of the society through cooperation across national borders.

1. SCHEDULE

Date	Details
December 15, 2025 - December 25, 2025 Japan time: noon	Application Period
Beginning of January, 2026 (tentative)	Notification of schedule on an Oral Examination
Mid to late January, 2026 (tentative)	Oral Examination
Late February to Early March, 2026 (tentative)	Notification of Results
October 1, 2026	Admission

2. QUALIFICATIONS

●The number of students to be admitted

※ International students: Total 16 students*

Category	Number of applicants accepted
International students (as MEXT scholarship students)	3*

*The number is subject to change. For the number of special quota and self-financed quota, please refer to the application guideline for those.

- ※ In this application guideline, we recruit only those who wish to Japanese Government (MEXT) Scholarship. For those who wish to apply for special quota and self-financed quota, please refer to the application guideline for special quota and self-financed quota. Even if you apply for the MEXT category, you may also apply concurrently for the special quota and self-funded quota.
- ※ If applicants wish, they can also become a candidate for special quota and self-financed quota in the application based on this application guideline, by selecting the corresponding check box in the form 1.
- ※ An applicant who is applying for another university with MEXT scholarship at the same time is not eligible. If identified after acceptance of the scholarship grantees, the applicant will be required to withdraw from all scholarships.

●Divisions offered

- 1) Division of Material Chemistry (Applied Chemistry Course)
- 2) Division of Mechanical Science and Engineering
- 3) Division of Frontier Engineering
- 4) Division of Electrical, Information and Communication Engineering
- 5) Division of Geosciences and Civil Engineering (Course in Civil Engineering)

●**Field of Study**

Environmental engineering fields (atmospheric environment, water environment, soil environment, waste management, etc.) and energy engineering.

●**Research field and supervisor**

Please select your intended field of specialization at Kanazawa University, and your preference for Supervisor.

For the professors who can accept students in this course, please refer to the Appendix.

Prior to application, applicants must contact their preferred supervisors directly via email in order to discuss the possibility of studying under their guidance. Then, applicants must receive a letter of acceptance from prospective supervisor. Note that we cannot accept the application without the letter of acceptance from prospective supervisor.

Reference URL: <http://www.nst.kanazawa-u.ac.jp/etic/english/research/>

●**Nationality**

An applicant must have the nationality of a country that maintains diplomatic relations with the Japanese government. Applicants who have Japanese nationality at the time of application are not eligible. However, persons with dual nationality who hold Japanese nationality and whose place of residence at the time of application is outside of Japan are eligible to apply as long as they choose the nationality of the other country and renounce their Japanese nationality by the date of their arrival in Japan (the acquisition of student status).

●**Age**

Applicant must have been born on or after April 2, 1991.

●**Academic Background**

Applicant must have graduated or will graduate from a Japanese university by September 30, 2026. Applicant will be deemed to have academic ability equal or superior to that of a Japanese university graduate, if he / she

[1] has completed or will complete by September 30, 2026, a 16-year school curriculum in a foreign country.

[2] is or will be age 22 by September 30, 2026, or older and has taken an individual entrance qualification examination and has been judged by a graduate school as being equal or superior in academic ability to a university graduate.

Note: Eligible applicants include those who otherwise satisfy or will satisfy the qualification requirements by September 30, 2026, for admission to a Japanese graduate school.

●**Academic Record**

Eligible applicants must have GPA (Grade Point Average) of 2.30 or higher at the last university attended.

NOTICE

After admission, applicants should keep their GPA higher than 2.30 point as well. If their GPA will be lower than 2.30 point each year, he/she will be disqualified from the MEXT scholarship student. The academic record will be calculated by the method which is designated by MEXT.

Method to Determine GPA

	Grade Point				
4-point scale		Excellent	Good	Average	Fail
4-point scale		A	B	C	F
4-point scale		80~100%	70~79%	60~69%	0~59%
5-point scale	S	A	B	C	F
5-point scale	A	B	C	D	F
5-point scale	90~100%	80~89%	70~79%	60~69%	0~59%
Point value	3	3	2	1	0

$$\frac{(\text{number of 3-point grades}) \times 3 + (\text{number of 2-pt grades}) \times 2 + (\text{number of 1-pt grades}) \times 1 + (\text{number of 0-pt grades}) \times 0}{\text{Total number of grades (including those with a value of 0)}}$$

●Language

An applicant must have enough English skills to conduct academic research and education. An applicant is required to satisfy any of the following conditions.

- (1) An applicant who has a score of any test of English language ability equivalent to/higher level than Common European Framework of Reference for Languages (CEFR) B2, the test date must be after December 1, 2023.;
- (2) An applicant who completed the curriculum which meets the qualification to enter Japanese Master's course of graduate school in an institution where main instruction was in English.;
- (3) An applicant who can be concluded that the person has English ability equivalent to or higher than (1).

*If you want to convert your English scores into CEFR, please refer to the website below.

https://www.mext.go.jp/a_menu/koutou/koudai/detail/_icsFiles/afieldfile/2019/09/25/1420500_3_2.pdf

●Health

Applicant must be physically and mentally fit to pursue the study at university.

●Arrival in Japan

Applicant is able to leave for and arrive in Japan within two weeks of October 1, 2026.

●Visa Requirement

Selected applicants must obtain a College Student (ryugaku) visa from the Japanese consulate general in the country of their nationality.

●Other

Any applicant who meets any or all of the following conditions is ineligible.

- [1] Those who are military personnel or military civilian employees at the time of their arrival in Japan or during the period of the payment of the scholarship;
- [2] Those who cannot arrive in Japan by the date specified by MEXT or the accepting university;
- [3] Those who are previous grantees of Japanese Government (MEXT) Scholarship programs (including those who withdraw from the scholarship program after acquisition of student status). However, this does not apply to those who wish to apply for Research Students program and meet any one of the following conditions. In addition, since the MEXT Honors Scholarship for Privately-Financed International Students does not apply

to the Japanese Government (MEXT) Scholarship programs, the previous grantees can apply.

- those who have at least three years of educational or work experience following the end of the payment of the previous scholarship and the start of this scholarship;
- the past grantees of Japanese Studies Students program who have graduated or are going to graduate from universities in their home countries, Japan-Korea Joint Government Scholarship Program for the Students in Science and Engineering Departments and Young Leaders' Program;
- those who have obtained or are expected to obtain a degree as undergraduate students of the Japanese Government (MEXT) Scholarship programs (university recommendation/special selection).

- [4] Those who are currently also applying to another program under the Japanese Government (MEXT) Scholarship system. This includes the programs for which scholarship payments will begin in FY2026;
- [5] Those who are planning to receive scholarship money or fellowships from Japanese Government (MEXT), a Japanese government-related organization and others after the start of the scholarship payment (the acquisition of student status) period;
- [6] Those who are expected to graduate at the time of application and cannot satisfy the condition of academic background by the deadline given;
- [7] Holders of dual nationality at the time of application who cannot verify that they will give up Japanese nationality by the time of the arrival in Japan (the acquisition of student status);
- [8] Those who plan to, from the time of application for the MEXT scholarship program, engage in long-term research (such as fieldwork or internship) outside Japan or plan to take a long-term leave of absence from the university;
- [9] Those who have no intention to obtain a degree.

3. APPLICATION PROCEDURES AND SELECTION

(1) Application Procedure

●Submit documents

Applicants must submit the following PDF documents to the Student Affairs Division, Graduate School of Natural Science and Technology, Kanazawa University and prospective supervisor **as e-mail attachment** by the deadline. After receiving a notification of application complete, applicants must send the originals.

Application Period and address for submission

Application Period: December 15, 2025 (Mon) ~ December 25, 2025 (Thu) by Japan time: noon

Admission Affairs Section, Student Affairs Division,
Science and Engineering Administration Department
Kakuma, Kanazawa 920-1192

Email address: s-nyusi@adm.kanazawa-u.ac.jp
(please include "[ETIC]" in the subject header)

Website: <http://www.nst.kanazawa-u.ac.jp/etic/english/>

Note:

If applicants find it difficult to send documents to us because of exceeds size or any other reasons please split them into several files and send them separately.

Required Documents

- 1) Application Checklist *
 - 2) Application form for Japanese Government Scholarship * In electronic files (with photo)
 - 3) Statement of purpose *
 - 4) A letter of recommendation from the president, Dean, or above of the institute addressed to the President of Kanazawa University *
 - 5) Academic transcript of the last university attended
 - 6) Graduation certificate or degree certificate of the last university attended (or an attested document certifying that the applicant will graduate from the school, where applicable)
 - 7) Students Registration Certificate (for current students)
 - 8) Summary of Graduation Thesis, etc. (free format, 2-3 A4 sized pages)
 - 9) Field of Study and Research plan form * In electronic files
 - 10) Certificate that proves your English ability.
 - [1] An original score of any English language proficiency test that measures all four skills (listening, reading, writing and speaking), such as TOEFL-iBT or IELTS, obtained on or after December 2023.
The scores for all four skills must be at CEFR B2 level or higher.
 - And / or
 - [2] A certificate stating that the main instruction is English, from an institution you have completed / will have completed which meets the qualification to enter Japanese Master's course of graduate school.In case you cannot submit either [1] or [2], submit any documents showing your English ability.
 - 11) Letter of Acceptance from Prospective Supervisor *
※ You should submit PDF only. The prospective supervisor will submit the original to Admission Affairs Section, Student Affairs Division.
 - 12) A copy of applicant's passport (or copy of a certificate of family register, certificate of citizenship or other identification issued by the government of their home country)
 - 13) Certification of health (to be completed by the examining physician) *
 - 14-1) Pledge to the President of Kanazawa University * Both side printing
 - 14-2) Pledge to the Director of Graduate school of Natural Science and Technology, Kanazawa University
 - 15) For those who are currently employed, a letter of release / recognition from their supervisor, recognizing their right to apply and / or pursue further education in Kanazawa University.
- ※ Items with * must be printed in A4 sized paper using prescribed forms.
- ※ Above documents must be written in either Japanese or English. A document written in any other language must accompany a Japanese or English translation.
- ※ Photographs (4.5×3.5cm) to be pasted on the application must be taken within the past 6 months. And it must be of upper body, uncapped, full-faced, and solid-color background.

Name and nationality must be indicated on the back. Electronic data can be acceptable.

- ※ Applicant should clearly describe their research program on Field of Study and Study plan form because it will serve as important materials for placement of the applicant at a university.
- ※ The academic transcripts of the last university attended must show the grade scale applied and the grades earned by the applicant on all the subjects studied. (A degree certificate or a graduation certificate simply showing the ranking of the applicant at graduation will not substitute for academic transcripts.) If it is impossible to calculate your GPA, for example because your grade is judged only by pass / fail etc., please include in “4) A letter of recommendation” the meaning that your academic record is in the top 30% of faculty, university or graduate school.
- ※ For abstracts of the theses, abstracts of the graduation thesis and presented papers will suffice. Please note that these abstracts will be used as basic data for evaluation of the applicant’s academic ability.
- ※ Not all students who want to be recommended as international students of special quota to MEXT can be recommended.
- ※ Applications will not be accepted if any of the documents are incomplete, incorrect, or not supported by evidence, or if they are not received by the specified deadline. Once submitted, documents cannot be modified and will not be returned.
- ※ If any information of the documents is later found to be false, admission can be canceled at any time after enrollment.

(2) Examination

1. Screening Method

Selection will be based on the results of an Oral Examination over the Internet and the screening of the submitted documents.

Date of Oral Examination: about the mid to late January 2026 (tentative)

Venue of Oral Examination: It will be announced later by prospective supervisor.

2. Announcement of Results

Date: the late February to early March 2026 (tentative)

※ Final results of the selection authorized by MEXT will be announced around June 2026.

※ The results will be notified by e-mail and document.

4. SCHOOL FEE

Applicants need not to pay examination fee.

For the international student who passes the exam as a MEXT scholarship student, admission fee, and tuition fee will be waived.

(For the international student who passes the exam as a student of special quota, admission fee, and tuition fee will be waived within the standard period of study (two years).)

For the international student who passes as a student of self-financed quota, admission fee and tuition fee need to be submitted.

Admission fee: 282,000JPY

Tuition fee (Annually): 535,800JPY

(First semester: 267,900JPY / Second semester: 267,900JPY)

※If amendment of admission fee and tuition fee take place, the new fee will apply from the date of revision.)

(Fee required for international students regarding the procedures for their arrival in Japan:

35,000 yen (estimated)

※Only subject for the students from special quota and self-financed quota.

※This fee is primarily required for obtaining a Certificate of Eligibility (CoE). This fee does not apply to international students who do not require a CoE.

※This fee is subject to change. Please refer to the " Admission Procedure Guidelines," which will be published at a later date, for the finalized information.

※ After enrollment, we may collect necessary fees to provide international students with comprehensive support for their daily lives and studies.)

5. SCHOLARSHIP FOR JAPANESE GOVERNMENT (MEXT) SCHOLARSHIP STUDENTS

※An applicant who is applying for another university with MEXT scholarship at the same time is not eligible. If identified after acceptance of the scholarship grantees, the applicant will be required to withdraw from the scholarship.

1) Stipend: 144,000 yen per month. (In case that the recipient research in a designated region, 2,000 or 3,000 yen per month will be added. The monetary amount each year may be subject to change due to budgetary reasons.) Stipend will be paid for 2 years from October, 2026. The scholarship is cancelled in principle if the recipient is absent from the university for an extended period.

2) Travel expenses: round-trip airfare between the applicant's country and Japan

a) Transportation to Japan: The grantee will be supplied with an economy class air ticket from the international airport nearest to their address at the time of leaving their country to an international airport in Japan, such as Kansai International Airport. Domestic travel from the grantee's residence to the nearest international airport, airport taxes, airport usage fees, and travel expenses within Japan (including airline transit costs) etc. will NOT be covered. (The address in the country of the grantee's nationality stated in the application is in principle considered as the "Address at the time of leaving your country", ex their family's house). Air travel from a country other than the grantee's nationality will not be covered. If an applicant will arrive in Japan before or after the specified period due to personal circumstances, travel expenses will not be paid.

b) Transportation from Japan: The grantee who returns to their home country within the last-payment month of their scholarship will be provided, upon application, with an economy class air ticket from an international airport in Japan to the international airport nearest to their home address. Travel from the grantee's residence in Japan to the nearest international airport, airport taxes, airport usage fees, and travel expenses within the country of nationality (including airline transit costs) etc. will NOT be covered. If a grantee returns to the home country before the end of period of scholarship due to personal circumstances, or reasons stated in "3) Suspension of payment of scholarship", travel expenses for returning home will not be paid.

If a grantee continues to stay in Japan after the scholarship period has ended (ex. proceeding to further education as a privately financed student or being employed in Japan), travel expenses for a temporary return will also not be paid.

※ Travel expenses will not be paid for domestic recommenders. The definition of domestic recommenders is as follows:

① Those who are staying in Japan with a medium- to long-term resident status at the time of application. Those who have their base of residence in Japan, not including tourists and short-term visitors who are staying in Japan for the purpose of taking entrance examinations, etc. It is irrelevant whether the applicant is residing in Japan from the time of after application to the start of scholarship payments.

② Applicants residing outside Japan at the time of application, but will come to Japan as a privately financed international students before the start of receiving scholarship payments.

* If you are or will be in Japan as a privately financed international student, you must complete your program at the school you are enrolled or plan to enroll in before receiving scholarship payments.

* There is no exceptions for applicants in ① who return to their country of nationality after applying and return to Japan before the start of scholarship payments.

3) Suspension of payment of scholarship

The scholarship will be also cancelled in principle in the following situations. If the recipient has been receiving the scholarship despite their falling under any of the following situations, the recipient will be ordered to return the amount of scholarship that he/she received during the period wherein he/she was involved with any of the following situations.

① The recipient is determined to have made a false;

② The recipient violates any article of their pledge to the MEXT;

③ The recipient is expelled from Kanazawa University or receives other punishment, or is removed from enrollment;

④ It has been determined that it will be impossible for the recipient to complete the training course within the standard time period because of poor academic grades or suspension from Kanazawa University;

⑤ The recipient does not obtain a College Student (Ryugaku) visa before arriving Japan or the recipient's residence status has changed to one other than College Student;

⑥ The recipient has received another scholarship (a scholarship or fellowship from Japanese government, a Japanese government-related organization and others) not approved for acceptance in conjunction with the MEXT Scholarship;

⑦ If he/she proceeds to a more advanced level of education without receiving approval for an extension of the specific period of the scholarship;

⑧ The recipient drops out from Kanazawa University or transfers to another graduate school;

⑨ The recipient's GPA is lower than 2.30 point each year. This GPA will be calculated by the method which is designated by MEXT;

6. FORCE MAJEURE

Due to force majeure, the schedule to come to Japan may be changed, the scholarship may be

canceled, or the contents of the application guidelines may be changed at any time before or after the notification of acceptance.

Force majeure means events beyond the reasonable control of MEXT, such as natural disasters, government (including local governments; hereinafter the same applies in this section), or acts of government agencies (including border measures such as immigration restrictions and travel restrictions by the Japanese government or national governments concerning infectious diseases), compliance with laws, regulations or orders, fire, storm, flood or earthquake, war (whether declared or not), rebellion, revolution or riot, strike or lockout including but not limited to.

7. NOTES

- (1) Each applicant is advised to learn the Japanese language and to acquire some information on Japanese weather, climate, customs, university education, and conditions in Japan, as well as about the difference between the Japanese legal system and that of their home country before departing for Japan.
- (2) The successful applicant should bring approximately 250,000JPY or the equivalent to cover the immediate needs after arrival in Japan (rent of apartment, insurance, etc.).
- (3) The scholarship payments will be transferred to the bank account of Japan Post Bank (JP Bank) opened by each grantee after the arrival in Japan. MEXT will not transfer the scholarship payments to other account.
- (4) Grantees who have tested positive for infectious diseases including tuberculosis following a medical exam must be treated before arrival in Japan. Grantee's arrival in Japan will not be approved if he/she is not fully recovered by the time of arrival.
- (5) Additional details of this program are available from the contact information below.
- (6) Do not use erasable ball-point pens for application documents.

Division of Material Chemistry

Name	Position	Research Field
HASEGAWA, Hiroshi	Professor	Hydrosphere chemistry, environmental chemistry, remediation technology, toxic metals, rare metals
TAIMA, Tetsuya	Professor	Organic photovoltaic cell, perovskite solar cell, molecular orientaiton control
OHTA, Akio	Associate Professor	Physical chemistry of interfaces, surfactant science, amino acid-type surfactants, surfactants, biomaterials, calorimetry
YAMAGUCHI, Takahiro	Associate Professor	Electrochemistry, Modified electrode, Oxygen reduction reaction
MASHIO, Asami	Associate Professor	Marine chemistry, Environmental chemistry, Analytical chemistry
SHAHIDUZZAMAN Md	Associate Professor	Fabrication of Perovskite Solar Cells
WONG, Kuo Hong	Assistant Professor	Biogeochemical cycles, Chemical oceanography, Aquatic Analytical Chemistry, Trace metals, Microorganism
ASAKAWA, Hitoshi	Professor	Atomic force microscopy, Solid-liquid interface, Intermolecular interactions
NAKANO, Masahiro	Associate Professor	photovoltaic devices, self-assembled monolayer, organic spintronic materials

Division of Mechanical Science and Engineering

Name	Position	Research Field
KIWATA, Takahiro	Professor	Fluid Engineering
KONO, Takaaki	Associate Professor	Wind Turbine Engineering, Computational Fluid Dynamics, Wind Engineering
ENOMOTO, Hiroshi	Associate Professor	Combustion, Internal combustion engine, Biomass usage
TERAOKA, Yoshikazu	Associate Professor	thermal engineering, heat transfer
KODAMA, Akio	Professor	Adsorption, gas separation, desiccant cooling, air purification, low-temperature heat energy
TSUJIGUCHI, Takuya	Professor	Fuel cell, Desiccant Cooling system, Heat and Mass Transport analysis
OSAKA, Yugo	Associate Professor	Thermal battery, Heat/Electricity integrated energy management system, Exhaust gas purification

Division of Frontier Engineering

Name	Position	Research Field
SETO, Takafumi	Professor	Nano-particles, aerosols
UCHIDA, Hirohisa	Professor	High pressure/Supercritical fluid technology, Advanced materials production, Crystallization, Thermodynamics
KUMITA, Mikio	Professor	Adsorption, Sorption cooling, Heat and mass transfer, Reaction engineering
TAKIGUCHI, Noboru	Associate Professor	Bioprocesses, bioinformatics
INOMATA, Yayoi	Associate Professor	Atmospheric Environment Sience, Meteorology, Geochemistry
YOSHIDA, Hiroshi	Associate Professor	CO2 utilization, Catalytic transformation, Environmental catalyst

Division of Electrical, Information and Communication Engineering

Name	Position	Research Field
ISHIJIMA, Tatsuo	Professor	Plasma Application
TANAKA, Yasunori	Professor	Power engineering/Power conversion/Electric machinery, Plasma science
MARUYAMA, Takeo	Associate Professor	Optoelectronics, Silicon Photonics, Optical Wireless Power Transmission, Semiconductor Devices
NAKANO, Yusuke	Associate Professor	Electrical Discharge, Electrical Insulation, Current Interruption, Power System
GUO, Tailliang	Professor	Information Display, Micro-Nano Systems and Integration, Integrated Circuits
YE, Yun	Professor	Optoelectronic Sensors and Systems, Novel Displays, Micro-Nano Materials and Systems

Division of Geosciences and Civil Engineering

Name	Position	Research Field
HATA, Mitsuhiro	Professor	Aerosol, biomass combustion, source countermeasure technologies
HONDA, Ryo	Professor	Environmental process engineering, Environmental microbiology, Water treatment process
OHASHI, Masashi	Professor	Materials physics and chemistry, Thermophysical property, Functional materials, Low temperature, Magnetism
TANIGUCHI, Kenji	Professor	Numerical weather prediction, River runoff simulatoin, Impact assessment of global warming
NISHINO, Tatsuya	Professor	Architectural Planning, Living Environment for the Elderly, Restructuring of Public Facilities
HANAMOTO, Seiya	Associate Professor	Environmental chemistry
MATSUURA, Norihisa	Associate Professor	Water environmental engineering, wastewater treatment, eco-friendly technology, microbial community analysis
HARA-YAMAMURA, Hiroe	Associate Professor	Water environment engineering, Wastewater reclamation, Emerging contaminants
NISHIWAKI, Yuri	Associate Professor	biomass conversion, surface chemistry
TENG, Xiao	Assistant Professor	National land use planning, Smart city and zero energy buildings
MAO, Qizhi	Professor	Urban Environmental Policy, Land Use Policy, Environmental Technology Policy
ZHEN-JIANG, Shen	Professor	Inventory and Total Amount Control Approach for Urban Environment Management Simulation, Agent-Based Models, Smart City
LONG, Ying	Associate Professor	Urban Data Science, Spatial Statistics, Urban Mobility
