

Application for Sustainable Development Program in Graduate School of Natural Science and Technology, Kanazawa University for October 2025

The world is in the midst of a great change for the realization of a sustainable society. The Graduate School of Natural Science and Technology aims to foster excellent researchers and engineers with interdisciplinary and synthesizing skills and creativity. In this rapidly changing society, we are required to take on challenges in new fields of study with interdisciplinary ideas and an international perspective, in addition to expertise and investigation skills.

Based on this concept, the five-year Sustainable Science and Technology Program was established to provide a new field of study spanning multiple disciplines in order to produce innovative doctors who can contribute to building a sustainable, safe and secure society and play an active role in the world.

We are recruiting students planning to enroll in October 2025 as follows.

1. Recruitment target

Application is open to anyone who is planning to enroll in the Graduate School of Natural Sciences and Technology master's course, regardless of their major.

However, this program is focusing on people who have the desire to study not only in their own specialized field but also beyond the boundaries of their field, and to take on the challenge of innovation.
